Who We Are

We are an established team, experienced in all aspects of Foodservice Equipment. We aim to build long lasting business relationships by offering the best solutions and great value to our customers.

Values

Building trust, commitment and conviction is an integral part of our core. We strive to adhere to the highest ethical standards with our customers, staff and suppliers.

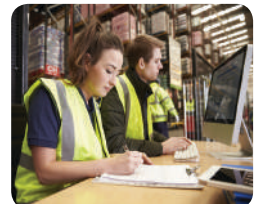

Mission

Working in conjunction with (TPN) The Pallet Network, DPD and local carriers, our aim is to deliver goods on the next working day or in the case of very large items two working days.

Support

Conveniently located with a modern distribution warehouse, we are able to provide a swift response to your needs. We hold substantial stocks of every item including spare parts and accessories, with an experienced team of network technicians and friendly advisors.

Quality Assurance

We have an active coordination strategy with producers, monitoring raw materials, making sure high quality components are used. Regular testing is carried out, safety checks are enforced and up to date certification of all appliances is met. We continually manage this process to give the best value for every cent you spend.

CERTIFICATION

All of our products are certified for use in all EU countries and many other nations.

GASTRO AND BAKERY TRAY FRIENDLY

Gastronorm

Bakery

Useful Information

Blast chilling quickly lowers temperatures to a safe level to prevent bacterial growth. A safe level for food is below 5°C or over 63°C. The blast chilling cycle is designed to drop temperatures from +70°C to 3°C in 90 minutes. This method can also maintain texture, flavour and appearance. Preserve food when staff are available and reheat for service later. Shock freezing over long time periods forms micro-crystals in the water content of food and helps to keep the flavour, texture and colour, making food last longer in your freezer. The product should be portioned and spread evenly over all shelves to obtain weigh/time ratios.

Heavy Duty Blast Chillers/Shock Freezer

Rapid chilling and even faster freezing from these HACCP compliant blast chillers and shock freezers. Ideal for caterers & bakers.

Trading Conditions

TAXES:

All prices are exclusive of value added tax.

E & OE:

The contents of this catalogue have been compiled from information received from our producers and while every effort is made to correct mistakes, size and specifications may change without prior notice.

DELIVERY CHARGES:

Free delivery on orders over €220. Packing and delivery for orders under €220, €18 per consignment.

WARRANTY:

All products come with a minimum of one year parts warranty, excluding bulbs, door seals, tubes, breakables, baskets, shelves, pizza stones, electrical elements and glass. RTB, return to base cost borne by owner. Full warranty mainland Ireland only.

WEEE:

To comply with the legislation which came into effect in January 2007, regarding waste electrical and electronic equipment, we are committed to a safe and healthy environment. When such products reach the end of their lifespan, they must be put into a recycling system by your own waste provider or we can arrange this at a nominal fee to cover expenses.

INSURANCE:

Please remember to include any equipment acquired from us on your insurance. Take care to cover loss of goods, injury and any other perils.

TERMS AND CONDITIONS:

Please ask for a new up-to-date copy of our terms and conditions and we will arrange to have it forwarded to you immediately.

DAMAGES:

We cannot accept any claims for goods signed for in good condition and marked unchecked. However if goods are damaged, please reject delivery, then notify your supplier immediately.

SITE SURVEYS:

We strongly recommend site surveys if you are purchasing cold rooms, warewashing equipment, large items and any other items you are not sure will fit in or connect to your existing gas, electricity, waste or water supplies.

INSTALLATION OF EQUIPMENT:

It is always recommended to use professional engineers to install your new equipment. New gas laws came into force in January 2009.

PAYMENTS:
